

*Help Us Build Our Playing Field!*

Saturday, June 15, 2013

The Curley Capital Campaign is off to a great start. The Playground Committee is pleased to report that a grant writing consultant (Monica Roberts) has officially joined the team and will spend the next month helping us develop our fundraising approach, target potential sources and prepare several proposals for submission. We will no doubt benefit from the wealth of development experience and expertise she brings to the team.

The Playground Committee will soon be refining our branding and outreach strategy. As we continue to explore new avenues of support, we welcome any ideas and energy the Curley community can offer. Let's build it.
